

Modalidad: Teleformación.

Duración: 70 h

Objetivos:

In this first level of five, the student will learn the fundamental tools for communicating in English, taking the learner from 0 to (approximately) A2 level or Basic User level of the CEFR (Common European Framework of Reference). Whilst introducing the Present Simple tense of the most common verbs, the correct use of determiners, subject pronouns and basic syntax; the block covers functions and lexical fields including: greetings and introductions, nationalities, jobs, eating out and telling the time through meaningful, contextual exercises.

By the end of the Basic Block, the learner will have encountered the necessary structures to communicate on a basic functional level in situations dealing with primary needs.

As well as introducing the essential structures and vocabulary necessary to talk about the topic areas mentioned above, the learner is encouraged to practice pronunciation from the very beginning. With the help of a native speaker, the vocabulary items and sentences modelled can be listened to and simulated.
