

Modalidad: Teleformación.

Duración: 70 h

Objetivos:

In this second level of five, the student will continue to build on the previously learnt fundamental tools for communicating in English, taking the learner from A1 to A2 level or Basic User level of the CEFR (Common European Framework of Reference). Whilst introducing the Present Simple tense of the most common verbs, the correct use of determiners, subject pronouns, an introduction to modal verbs and basic syntax; the block covers functions and lexical fields including: exchanging telephone numbers and addresses, talking about dates, describing daily routine and giving instructions using the imperative.

This block aims to extend the student's ability to communicate by using past, present and future tenses on a functional level in situations when dealing with basic needs. The learner can now understand a native speaker when in situations such as travelling and exchanging personal information, providing the speaker grades his or her language.

Pronunciation practice continues to take the form of repetition and simulation with all new vocabulary and structures, giving the learner the chance to gain confidence and fluency from the outset. One of the important aspects of the methodology used is to give the student the freedom to practice at their own speed whilst continually building on existing knowledge.

Level A2 - Course I

- **Having an accident ①**
- **Having an accident ②**
- **Having an accident ③**
- **Night Shift / You've got mail**
- **Night Shift – Additional vocabulary**
- **Night Shift - Additional exercises**

FORMACIÓN CONTINUA
